

# Drum-Circles Extended

Facilitator Training

with *Mary Knysh*  
**Rhythmic Connections**

## About this Facilitator Training:

This “next step” DCF training features an innovative approach to group facilitation through a unique synthesis of melodic instruments, voice and movement. Mary shares an engaging array of strategies and activities designed to transform your drum circles into an exciting adventure of new possibilities, which include integrated melodic and movement experiences and great ways to tap into group potential. Knysh’s five-step sequential pathway toward transformation offers tools for expanding self-expression, self-awareness, communication, and inspiration for all.

## This Training is especially great for:

Drum-Circle Facilitators, Music Educators, all levels and genres of musicians, Classroom Teachers, Music Together Teachers, Occupational and Music Therapists, and anyone who loves to create music and wants to explore and expand their own creative potential and facilitate others in the fields of community service, education and healthcare to do the same!

During this training you will learn an approach to facilitation and music-making that will transform the way you, and those you work with experience, explore and create music together!

*Beyond Beat into Melody, Voice and Movement*
